

CAPSTONE

A PROJECT OF INNOVATIVE IDEAS

5PA Students explore their passions & talents to develop an action plan, rooted in research, to implement a positive change in the world.

A Year Long Project

Typically 1 day per week will be devoted to Capstone. If they would like, students may work on their project outside of PA time.

Passion

Selecting a project focus for the duration of the school year can be challenging for some students. Families can support their child at home by talking together about possible topics for exploration.

Quarter 1

Brainstorming Passions, Considering Changes students could make, and Choosing a Final Project Focus.
